THURSDAY, DECEMBER 15, 1988-16 PAGES

County Looking at \$150,000 Deficit

By Irene Pettyjohn

When the final tally is in, Crawford County will be facing another year of deficit spending, to the tune of nearly

County treasurer Joe Wakeley has been advising the County Board of Commissioners since June that expenditures were exceeding budgeted amount. At the October 28th meeting of the commissioners' Ways and Means Committee, Wakeley reported that the projected shortages were between \$140,000 and \$150,000. Today, Wakeley projects that these shortages will be closer to \$150,000.

How serious is the \$150,000 budget shortage and how does the County plan to balance their 1988 budget? Wakeley explained that the necessary money would be taken from the Delinquent Tax Revolving Fund. This fund was started 13 years ago and was established to purchase delinquent taxes from the townships, city, schools — all units of government. This purchase is made by the County issuing bonds, then as the taxes are collected from the property owners, the County escrows the money and pays off the bonds. When the system was established, the goal was that as the bonds were paid off, any profit remaining would be left in the fund to grow and accumulate so that eventually the County would be self-funding, and would not have to borrow against their delinquent

This goal has never been achieved because the County has had to transfer the profits from the revolving fund to the General Fund to both balance deficit budgets and to compensate for lost revenue sources. In 1985, \$131,000 was transferred to balance the County budget. This procedure was repeated in 1986 with \$110,000 transferred, and again in 1988 with \$295,000 transferred. The 1988 transfer includes a \$145,000 payoff following the County's lost lawsuit brought by Carol Conklin, and \$150,000 for the budget shortage.

This year might be the last year the revolving fund can be used to offset a budget deficit. Wakeley stated that the revolving fund would have the necessary \$175,000 needed by the County in 1989 for the lost revenue-sharing money, but he emphasized that there would not be an additional \$150,000 to make-up another budget shortage, if the same situation should occur next year.

The extra "bail-out" funds will not be available for two reasons, said Wakeley. The first involves changes in bond procedures. Bonding is still permitted, but under a different set of rules.

"We have been able to make money in the revolving fund," explained Wakeley, "by the way we have been able to set up and structure the bond issues and the bond payments. It allowed us to hold onto the money over the time we were collecting the taxes." Wakeley continued, "We paid off small amounts of the bonds over a three year period. The first and second year were small principal payments and the third year the large payment." "Now", Wakeley said, "because the County is collecting the majority of the tax money in the first year, the County has to make the biggest principal pay-

The federal government and internal revenue service de-

cided that the previous bonding allowed for arbitrage (the making of a profit and not paying a tax on the profit), and changed the bonding payment system.

"So the profits that the County can make on the bonds will not be as great in the future," said Wakeley. "Also the people who buy the bonds are looking more favorable at them if groups selling can put up 10%. This means that the 10% is tied up until two years down the road."

The second reason that extra money will not be available next year is that the County does not have any bond issues maturing in 1989. Consequently, there will not be any profits available. The County's next bond issues both mature in 1990.

"And I have no idea now what the profits will be on those bond issues," said Wakeley.

Wakeley stated that as he went over the 1988 budget, line item by line item, most expenditures were necessary and could be justified, but he said that this circumstance only served to alarm him more. He said that justifiable expenses or not, the County cannot afford another budget deficit year the likes of 1988.

After the \$150,000 transfer occurs, the County budget will be approximately \$11,000 in the black.

Departmental categories that had the greatest over budget expenditures include:

	1988	Estimated	Over	
	Budget	Expenditures	Budget	
Probate Court	40,102	48,735	8,633	
Corporate Counsel	18,000	55,000	37,000

Life Insurance	3,400	7,300	3,900	
Vorkmans Comp.	36,050	50,500	14,450	

Other County departments either met their budget or spent less than their budgeted amount, or did not exceed their budget by more than \$2,500.

Chamber Eyes 2% **Motel Room Tax** To Promote County

By Irene Pettyjohn

A two percent room tax that will net nearly \$75,000 in the first year is one segment of a two part expansion program planned by the Grayling Regional Chamber of Commerce. Both programs will promote Crawford County, first as a tourist and convention destination and second for economic, indus-

trial and business development. It will be the responsibility of the newly established Grayling Area Visitors Council to promote Grayling as a tourist and convention area. These promotions will be paid for with the 2% room tax, which was tentatively agreed upon by area motel and hotel owners. Chris Holtz, office manager for the Chamber, estimated that this tax should bring to Crawford County \$75,000 in

1989, and will be available by September. "This represents almost 10 times more money than the Chamber has ever spent promoting Crawford County," said Bill Carey, President of the Chamber's Board of Directors. "And it is not coming from you or me or local businesses," he said. "It is coming from tourists to promote more

tourism." The Grayling Area Visitors Council will consist of nine board members, mainly motel and hotel owners, and will direct the Chamber how they want the assessment monies spent. The Chamber office and staff will serve as the administration organization for the Visitors Council.

According to Carey, the Chamber's Board of Directors has committed themselves and an executive director to becoming a central planning organization that will actively pursue the economic, industrial, and business development of Crawford County. To finance the hiring of a professional full-time director and pay for promotional programs an Advisory Committee has been formed to assist the Chamber by conducting a threeyear fundraising campaign. The goal of the Advisory Committee is to raise \$200,000 over three years to increase the Chamber's budget so that the Chamber can promote the community in different ways than the room tax promotions.

"The Chamber's focus will be on the overall quality of life in Crawford County," Carey said. "It will promote industry that we feel will be beneficial for Crawford Coun-

Members of the Advisory Committee are Jim Bourrie, Ernie Dawson, Rose Duley, Ron Fraser, Ron Phillips, Ralph Stevens, and Paul Thomson.

The fundraising campaign will kick-off in

early 1989. Carey stated that the new programs signify not only the beginning of an exciting expansion of services to the residents of Crawford County, but also the successful conclusion of a difficult recovery period for the

once ailing organization. "Two years ago the Chamber was facing

financial disaster," said Carey. He explained that indebtedness had forced the organization to terminate their director because they did not have the money to pay his salary. In an attempt to salvage the Chamber the board cut ex-

penses to the bone. "At this point," said Carey, "the future of the Chamber was in question. There was some serious talk about closing the office completely."

Instead, the Chamber began to reorganize.

The Chamber's Board of Directors looked at their financial resources, membership dues, to determine exactly how much money they had to work with, and then for probably the first time in the Chamber's history, they constructed a budget. With a clear picture of their income and expenses, the board decided to hire Chris Holtz as the Chamber's office manager.

At this time the sole goal and purpose of the Chamber was to function as an information clearinghouse for local activities and for people coming into the area who wanted to know more about the community, whether they were tourists, new residents or prospective business investors. Financially, this was the most the Chamber could hope to accomplish.

Today the Grayling Regional Chamber of Commerce is financially solvent and anticipating the forthcoming expansion programs. Its membership has grown from 185 members in 1986 to over 240 members today. The Chamber feels it has regained its credibility both with the business community and with the residents of Crawford County, and is excited about the future prospects of Crawford County.

10 Contestants Seek Miss Grayling Title

The theme Mardi Gras is creating excitement for the 1989 Miss Grayling Area Pageant. The 10 contestants this year are Amy Jo Denton, Dawn Elekonich, Janice Marie Helsel, Stephanie L. Hindmarsh, Melissa Irene Kellogg, Ann Marie Moshier, Wanda Pearsall, Wendy Pearsall, Amy Kathrine Smith and Heidi Stephenson.

Orientation to familiarize the contestants with the pageant was held Sunday, December 4th, at the Chief Shoppenagons Hotel which is the Pageant Headquarters again this year. They all have their talent selected and are anxious to start the many rehearsals, workshops on poise and beauty tips along with the get acquainted and fun activities scheduled.

The Board of Directors for the pageant are Executive Director - Christine Holtz, Sherry Hanson - Assistant Director, Kathy Ashton - Program Chairman, Karen Casler-Pageant Moms Director, Kim Jansen -Music Director and Tickets, Donna Masker-Judges and Auditors, Shannon McNamara-Talent Coordinator, Dee Mead - Seamstress, Carol Miller - Stage Manager, Linda Munsey - Treasurer, with Norma Naour adding her many years of experience as the Ad-

The pageant will be held on Saturday, January 21st, at the High School Auditorium. One of these young women will go on to represent Grayling in the Miss Michigan Pageant held in June.

Red Cross Sends Aid To Earthquake Victims

"The American Red Cross is ready to offer whatever assistance we can provide to the victims of the Armenian Earthquake," said Richard F. Schubert, President of the American Red Cross. "This new tragedy is added to the unprecedented number of international serious

serious international disasters that have occurred during the 125th year of the International Red Cross Movement."

Soviet Red Cross (The Alliance of the Red Cross and Red Crescent Societies of the USSR) chartered

throughout the night shipping blankets, tents, medical and first aid kits and other relief supplies into the hardest hit Armenian towns of Leninakan, Kirovakan, Spitak and Stepankakan. The first plane, which left Moscow shortly after midnight, contained 14.5 tons of goods, and included a team headed by USSR Red Cross

and Red Crescent President

Dmitri Venediktov.

Soviet Red Cross officials reported a particular need victims of the earthquake for blood, and over 850 donations were taken from volunteers and staff, students, workers and military personnel during the early hours of the morning there. All blood needs for the earthquake victims will be collect-

County Children Deserve Hanson Hills Support

I am a fairly recent resident of Crawford County. around eight years. How great it would have been, while growing up, to have had access to such amenities as those available here in this county.

As a citizen of this community I am concerned about the attitude of too many of our voters. At a time when Hanson Hills needs our added support, the majority of the voters have turned down the renewal of the present supporting mil-

lage. Fortunately many individuals, the Booster Club and merchants support Hanson Hills, but they can't do it alone. We are in danger of losing our park!

The future of this community will be in the hands of our young people. Hopefully they will be sympathetic to our needs (the riders of Dial-a-Ride, Senior Citizens, Sportsmen, etc.), as future voters, and vote intelligently when it comes their turn.

How sad, by saving \$4.00 a

year we are robbing our children (and don't forget the Special Olympians) of a very special recreational facility. When our kids lose, we all lose!

> M. Elene Hamilton Grayling

P.S. If you are pro-Hanson Hills and eating out this month remember the Iron Gate Restaurant at the Hospitality House Motel. They're donating 10% of each check to Hanson Hills in December.

Check Your Facts Before Writing Letter

Dear Editor:

I would like to respond to Mrs. Marjorie Vallad's letter to the editor which appeared in the Avalanche December 8, 1988.

Mrs. Vallad, perhaps you had better check your facts before writing what I feel is a slanderous letter. You have implied that I am a Peeping Tom when in fact if people are living in a home I knock on their door and inform them of who I am and what I am doing. The only time I have looked in windows or doors to check property for assessment is when no one is in residence. If you were to check the General Property Tax Laws, Act 206 of 1893 as amended, Reference 211.2 section 2

paragraph 2 and 211.9 section 10 so you were better apprised of the facts you would be better informed. If you recall I invited you and your husband to come to the October township meeting so I could explain why I could do this in order to be able to assess property values more accurately. I very much resent your implications which I feel are not only slanderous but misinforming. You should check the reference that I listed before making any further unjust and inaccurate accusations and also remember what I told you at our meeting last October!

Supports U.S. Handling Of Arafat Situation

President (elect) George A. Bush Capital Bldg. Washington, D.C.

> Mr. Dear President (elect),

The Crawford County Avalanche carried this week (December 8, 1988) an open letter to you from the Au-Sable Ministerial Association stating they are "extremely concerned over the way in which our Secretary of State, Mr. George Schultz has mishandled the Yassar Arafat situation." As pastor of a local Baptist church in Grayling for 17 years, I wish to assure you that the opinions expressed by this group do not reflect the views of all local clergy. Neither do public voting

records indicate to me that these persons necessarily represent the feelings of a majority of the local citizens on this issue.

Sir, thank you for bearing with me while I tried to set the record straight before addressing a more important and positive purpose of my letter. I wish to express to you my heartfelt congratulations for your election victory, and as an American citizen pledge full support and loyalty to you in the coming years as my president. I pledge to you the same public prayer support we have given our president each Sunday morning in our worship services.

Eight years ago, I wrote President Reagan and encouraged him to defend the moral values of the Bible, to defend constitutional government, to build a strong defense against communism, to defend religious freedom in America, and to support the nation of Israel. President Reagan has earned our deep respect, and deserves our public commendation for doing all we could expect of one man in eight years striving to restore right to government.

As for Yassar Arafat, he is an international terrorist responsible for the torturing of

hostages and the murder of many innocent people including Americans. He is a man without a nation, without law, without reason, without respect, and therefore without any legal or moral basis to expect any rights within these United States of America. Perhaps we should even reconsider our decision of hosting the United Nations upon these

which curse Israel. God promised Abraham in Genesis 12:2, 3: "And I will make of thee a great nation, and I will bless thee, and make thy name great; and thou shalt be a blessing: And I will bless them that bless thee, and curse him that curseth thee: and in thee shall all families of the earth be blessed." Loyalty to Israel gives God's promise of blessing to these United States of America. The local ministerial association may side with Arafat and the other nations of the world. I stand without qualifications or apology for God, the United States of America, and the nation of Israel!

Sincerely, Robert J. Barnett, Pastor Calvary Baptist Church . Grayling

Early Yuletime at Capitol

CHRISTMAS IS COMING a bit early for the governor, lieutenant governor, legislators and state judges, in the form of new and higher pay rates.

As regular as Santa Claus visits good little girls and boys, a group called the State Officers Compensation Commission (SOCC) has agreed to stuff fatter paychecks in the stockings of most top elected Michigan state officials. Under Michigan's Constitution, a group of

seven citizens, appointed by the governor, gets together each two years and takes a look at pay and expense levels for the governor, lieutenant governor, legislators and Supreme Court Justices. After a series of public hearings — at

which hardly anyone ever appears — the SOCC makes its recommendations to the legislature. Unless the lawmakers turn it down, whatever the SOCC recommends becomes effective.

Since 1968 — when the voters added this sad system for pay setting to the state constitution — the legislature has never turned down a raise yet. The lawmakers cannot be expected to buck the trend this year either.

THE PAY OF the governor will go from the present \$100,077 a year up to \$103,580 in 1989 and go up again to \$106,690 in 1990.

Biggest boost was authorized for the lieutenant governor; pay will rise from the present \$67,377 a year, up to \$80,300 in 1990. The reasoning given by the commissioners for the 19 percent pay hike for the lieutenant governor is to bring the pay level up to that of the most other state department heads. Whether that argument holds water is open to debate.

It's only been a few years ago that the lieutenant governor — whose primary job is presiding over sessions of the state senate was paid the same rate as legislators. From all appearances, the job hasn't changed, but the pay has.

As for the lawmakers, pay will go from the present \$39,881, up to \$42,670 next year and up again to \$45,450 in 1990.

PRESENTLY, GOV. James Blanchard's pay is third highest among the nation's governors, trailing only New York and

North Carolina. Lt. Gov. Martha Griffiths' new pay level also will elevate her pay scale to third high-

est among her counterparts across the country, and state lawmakers also will end up in third place among state lawmakers, behind only New York at \$57,500 a year, and Pennsylvania at \$47,000. Legislative leaders, including selected

committee heads, also receive bonuses above the base pay for all lawmakers.

Supreme Court justices also will get more money. Present pay of \$100,000 a year will go up to \$103,500 next year and \$106,600 in 1990.

That will mean higher pay for judges across the state. Because of laws which tie other state and local judges' salaries to the level of pay for the state supreme court, the ripple effect will reach into every courthouse in Michigan.

State appeals court judges receive 96 percent of what supreme court justices are paid, circuit judges receive 92 percent, district court judges and probate court judges get 88 percent.

NOW THAT THE recommendations have been made, the seven members of the SOCC slide off into obscurity for another two years. Hardly anyone knows who they are, or what qualifications they hold for setting pay levels. They have no responsibility for their actions, except to their own consciences.

Meanwhile, representatives of the 35,000 state employees are jockeying for wage hikes, too. Their bids for five and six percent pay increases have been rejected as too high; they expect something in the 3 percent range.

The new state budget is being prepared by departments which have been told to cut their budget requests 9 to 12 percent, and stand ready to tighten belts.

Should the system of pay-setting be changed? Some observers think so, including this one.

The Detroit Free Press, for example, has editorialized that the SOCC system of pay levels being set by "an obscure, unelected commission is shameful. ... It's time to drop the SOCC charade and place the responsibility for such compensation decisions where it belongs: In the hands of their beneficiaries -- and the voters who elect them."

Clearly it's time to at least take a long look at how we decide how much to pay our public officials.

RECOVER CLEANUP COSTS

The Michigan United Conservation Clubs (MUCC) announced a renewed legislative effort in January for enactment of legislation to better enable the state to recover cleanup costs, provide administrative remedies and penalties for violations of pollution discharge permits and establish a new, more stringent fee structure for pollution dischargers seeking state permits.

CONSERVATION GROUPS URGE

TOUGHER LAWS TO

MUCC Executive Director Thomas L. Washington said voter approval of bonding for environmental cleanup (Proposal C) says voters are willing to devote significant amounts of tax money for environmental cleanup projects, but those responsible need to pay their full share of pollution cleanup

"There's no way that state taxpayers should have to shoulder the financial burden for these cleanup efforts," he said.

Mark Van Putten, director of the National Wildlife Federation's Great Lakes Natural Resource Center in Ann Arbor, said without more stringent enforcement of existing laws, backed up by stronger administrative fines and penalties, Proposal C cleanup funds won't go very far.

He added approval of the proposal by a 3-1 margin was a clear signal from Michigan voters that the time has come to crack down on all forms of environmental pollution and those responsible for causing it.

TO PURCHASE ALCOHOLIC BEVERAGES AT 7-ELEVEN

COME OF AGE.

Alcohol abuse is a serious problem. particularly among people who are not of legal drinking age. The 7-Eleven stores in this area want to help do something about this problem. We want to assure that the laws regarding the sale of alcoholic beverages to those not of legal drinking age are upheld in our stores. We are asking our customers who are age twenty-five and vounger to have a driver's license or military identification available for inspection when purchasing alcoholic beverages from us.

We try to be good neighbors and to live up

to our responsibilities as a corporate citizen. This is not the first time we have been involved in community concerns. We've been involved with you in the Mothers March of Dimes. We enlisted your aid in the fight against muscular dystrophy and, through your generosity, 7-Eleven stores have raised over \$35 million to fight this crippling

Now we ask your cooperation and support in helping us adhere to the law. If you come to 7-Eleven to purchase alcoholic beverages, please come of age.

Our concern is people.

Eye Care News

Richard P. Ferrigan Certified Optician

Q. My friend wears one contact lens for seeing at a distance and another for reading and other close work. Is it okay to do that?

A. Yes. This is called monovision. It is a popular way to provide good vision at all seeing distances for people over 40, most of whom have presbyopia, a vision condition which affects reading vision and is part of the normal aging process. Many also need help to see clearly at a distance. Bifocal contact lenses are anothe option but the prescription parameters are limited right now. So they won't work for everyone. Most people can adapt to monovision. Those who need help only for seeing up close wear only one contact lens. Any type of contacts-hard, soft, gas permeable and extended-weer can be used with monovision. People over 40 have more complicated vision demands than younger persons. It is important, therefore, to seek care from an optometrist willing to give your eyes the extra time and attention they need.

Grayling Girls Receive Basketball Team Awards

ball team's Most Valuable Player (MVP) Award was shared this year by Lori Gust and Melanie Ojala. The Team Awards, which are voted on by team members and the coaching staff, were presented by Coach Howard Lehti at the team's annual Awards Banquet held on Monday, December 5, in the Grayling High School cafeteria.

The 110% Award, the award for the player who consistently gives more than is expected, was given to Patti Tremblay.

The Honorary Team Cap- very successful.' tains Award, presented at the conclusion of the season, went to Patti Tremblay and Lori Gust.

Margarita Perez and Heather Stephenson shared the Most Improved Player Award.

"It was nice to see Margarita mature from her last J.V. game to the beginning of Varsity try-outs," said Coach Lehti. "It was enjoyable, not only for myself but for my coaching staff to see the progress Margarita made over the summer."

"For Heather to step from the J.V. team as a freshmen and jump into the position of fourth leading scorer of the league as a sophomore, I believe indicates the degree of her skills and dedication to the sport of basketball."

Melanie Ojala, Peggy Kraus, Aimee Rochette and Margarita Perez all tied for the Scholastic GPA Award. All juniors, these players maintained a perfect 4.0 grade point average (GPA) for the entire nine weeks of the basketball season.

"We will be applying for our academic all-state again this year," Lehti stated. "This award is based on the

"John received these awards because he worked hard," Stowers said, "and that's the kind of person who should receive awards." Stowers said that he believed that it was significant that the players selected him as their most valuable player, because so did the coaches. "They agreed with us,"

said Stowers. Receiving Honorable Mention were seniors. Rusty

Argue and Ted Baynham. Argue was Grayling's leading scorer, with nine touchdowns. He also led the team in total yardage, gaining over 1000 yards.

Argue won the coaches' Outstanding Back Award.

"Rusty Argue was a good said Coach runner,' Stowers. "He had an explosive punch coming through the line. If the team had had a better season," said Stowers, "he probably would have made a lot more

points." Rusty's "big thing" was carrying the football, said Stowers, and he did that better than anyone else on the team.

Baynham played offensive tackler and offensive center and on defense, he played defensive end and defensive guard. The Grayling coaching staff awarded Baynham the Outstanding Lineman Award.

"Ted Baynham is an allaround good young man,

who is well-liked by his

classmates," said Stowers. "He was an unselfish member of the team, playing several games with a painfully injured thumb." Coach Stowers stated that the three players honored

provided leadership to the Viking football team, and held the respect of both their coaches and their teammates.

SPORTS FANS! Bet You Didn't

Brought To You By Laurie Scheer-Alton

Did you know that the 2 men who ran for U.S. President in 1988 both played on sports teams in college. George Bush was the coptain and first baseman for the baseball team at Yale.. Michael Dukakis played junior varsity basketball, varsity baseball and tennis, and ran cross country at Swarthmore College.

Which college football coach won the most bowl games in history?...Answer is Bear Bryant who won 15 bowl games during his career.

Oddly enough, there was a football game in 1988 that was played on 2 different fields --- on the same day... The game was between Troy (Ala.) State and visiting Southeast Missouri State on Sept. 3...It started in Troy's Memorial Stadium-but the lights in the stadium failed early in the 4th quarter.. School officials decided to continue the game at a lighted practice field a third of a mile away...It's believed that's the only college game in history that started on one field and finished on another the same day.

1 bet you didn't know.. that Laurie Scheer-Alton is the person to see this month for a great deal on a new or used car or truck. We are having a contest and Laurie wants to win! Give her your help and she will give you a deal of a lifetime! Don't wait! See her today!

Brownies Receive Scouting Welcome

The girls in Girl Scout Troop #2000 had their Investiture ceremony on Thursday, December 8th. The girls were welcomed into Girl Scouting for the first time as first grade Brownies. One girl, Amy Stevenson, was rededicated as a Scout, since she was a Daisy last year. The girls received their strips, identification strips, Brownie pins, and their Play Try-It, which were all

donated with money from their troop sponsor, Georgia-Pacific Beaver Creek Resin Plant.

The Brownies also received rewards for the Girl Scout cookies they sold. Monica Kustra was the top seller for the troop, and Amanda Moggo won a bike pack from the Council drawtroop numbers, council ing. All of the girls helped sell cookies to raise money for troop activities.

The Vible Speaks

From Calvary Baptist Church

The Gospel of John of a loud voice was again for

Part 59

The Miracle of Lazarus The raising of Lazarus after being dead and buried four days, was the greatest attested miracle performed by Jesus Christ during his ministry. It was the seventh miracle recorded in John's gospel proving Jesus Christ is God.

Before performing the miracle, Jesus dealt with the human problems which would rob people of experiencing the glory of the miracle. They had to take the stone away from the tomb entrance. (John 11:39, 41a). They had to overcome the 'smell and sight of a rotted corpse. (John 11:39). They needed to get their eyes off Lazarus and get their eyes on Jesus. This miracle was not to give Lazarus life, but to bring glory to God. (John 11:40).

Jesus prayed a prayer to the Father of gratitude and confidence to strengthen the faith of the people before the miracle. (John 11:41, 42). As the primary reason for the miracle was the glory of God, the secondary reason was to increase the faith of the people. The raising of Lazarus from the dead was only temporary, and he would still die again and face the future resurrection like everyone else.

The performing of the miracle was a simple yet profound expression of -divine power. "And when he thus had spoken, he cried with a loud voice, Lazarus, come forth." (John 11:43) It has been said that Jesus specified the name of Lazarus, or all the graves would have emptied. The use the benefit of the people. Jesus Christ could have whispered and accomplished the same miracle.

The results of the miracle were obvious. "And he that was dead came forth, bound hand and foot with graveclothes: and his face was bound about with a napkin. Jesus saith unto them, Loose him, and let him go." (John 11:44). This certainly pictures every sinner dead in trespasses and sins who is born-again or quickened by the power of the Holy Spirit. Lazarus was alive, but still covered in the filthy, smelly grave clothes of death. He had to be cleaned up before he looked and smelled alive. Many Christians need to have the grave clothes of the world removed before people can see the miracle of Jesus in their lives.

Others were saved spiritually by the physical miracle of Lazarus. "Then many of the Jews which came to Mary, and had seen the things which Jesus did. believed on him." (John 11) Have you received new life in Christ by faith in His death, burial and resurrection for you? "Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again he cannot see the kingdom of God." (John 3:3.

Quilt Guild Tours Member's Farm Home

The AuSable Quilt Guild held their December 7 meeting at the home of one of their members, Louise Torrey, on their farm between Moorestown and Lake City. The guild were shown around the farm which the Torreys have built. This included, besides the house. farm buildings and a replica of a schoolhouse which once stood on their property.

The original school was in such a dilapidated state that they decided to duplicate it exactly as it had been. The Torreys cut the cedars and had them milled for the school. The school is complete with desks, benches, and potbelly stoves.

Notice of a Public Meeting to Institute a Summer Property Tax Levy for Kirtland **Community College**

Administrative offices: 10775 N. St. Helen Roscommon, Michigan 48653 Telephone No.: (517) 275-5121

Please take notice that on December 21, 1988, at 7 o'clock, p.m., at Kirtland Community College, the Board of Trustees will hold a meeting at which will be offered for adoption a resolution to impose a summer property tax levy of all of its annual community college tax levy upon property located within the district.

Passage of the proposed resolution would result in the annual levy of community college property taxes on July 1 against property located within the college district. The Board of Trustees, under Act 331, Public Acts of Michigan 1966, may impose a summer property tax levy of either onehalf (1/2) or the total of annual college property taxes. If a summer property tax levy is imposed, the college district may enter into agreements with each city and with each township, for collection of the summer property taxes, which collect a school district summer tax in the same manner and at the same time as school district or intermediate school district taxes are being collected.

This notice is given by order of the Kirtland Community College Board of Trustees.

Many people enjoy eating yogurt plain or

with fruit but do not realize what a versatile

tool it is for use in food preparation and in

cooking. Yogurt can replace mayonnaise in

coleslaw and potato salad. In a Waldorf

salad, mix a small amount of honey with the

yogurt. Use it for topping baked potatoes or

chili and for dips. Used as a substitute for

sour cream, yogurt can save you over 300

calories per cup. To keep yogurt from

separating in foods that are to be cooked or

stirred vigorously, first mix 1 tablespoon of

cornstarch with 1 tablespoon of yogurt, then

stir the mixture into the rest of the yogurt.

Buying low-fat yogurt is another calorie

saver. Make Ambrosia by combining 1 can

each pineapple chunks and mandarin

oranges, both drained well, with 1/2 c.

flaked coconut and 1 cup plain yogurt. Make

a quick tartar sauce by combining 1/2 cup

drained sweet pickle relish with 1 cup

yogurt. Another quick sauce for fish or sea-

food is 1/2 c. yogurt combined with 1/2 cup

seafood cocktail sauce. This recipe could be

served as a lunch entree or as an appetizer

2 6-ounce pkgs. frozen crabmeat, thawed,

Mix gelatin and water over low heat to

dissolve gelatin. Add wine, yogurt, salad

dressing, onion, salt and pepper and mix

2 envelopes unflavored gelatin

with crackers.

well with electric mixer. Refrigerate until partially set. Fold in crabmeat, celery and parsley. Spoon into generously oiled mold and refrigerate until firm. Herb Salad Dressing 1 c. plain yogurt

1/4 c. vegetable oil 2 tbsp. white vinegar 1/2 tsp. each oregano and dill weed

1 tsp. garlic salt Stir yogurt until creamy. Drizzle oil into yogurt, stirring constantly. Add remaining ingredients and a dash of pepper. Refrigerate 2 hours for flavors to blend. Makes about 11/3 cups.

Donna O'Grady asked for a rum sauce recipe for use over bread pudding. Here is one that will even look festive. Pink Rum Sauce

1 c. evaporated milk (not sweetened)

1 c. skim milk 3/4 c. sugar 1½ tsp. cornstarch

2 tbsp. butter

1½ ounces light rum 3 or 4 drops red food coloring

Place milk, sugar and cornstarch in top of double boiler and stir until thick and smooth. Remove from heat and stir in butter, rum and coloring.

This one would be good over warm apple pie:

Rum Sauce 1/3 c. dark rum 1 c. apple juice 2 tbsp. cornstarch 1/4 c. sugar 1/4 tsp. cinnamon

1/2 c. cream

Combine all ingredients except cream in 2-cup measure and microwave on high 2 minutes or until thickened. Cool slightly and stir in cream.

still good advice.

Resource Review

Questions have arisen as to a

person hunting on their own

property, but within the

safety zone of an adjacent

landowner. Guidance we re-

I have previously mentioned the new requirement for from Marine Safety to Huntnon-powered registering canoes. At that time, I said kayaks were not included in the requirement for registration fee and number. I have since found out that under State and Federal laws, kayaks are considered canoes and will require registration beginning January 1, 1989. Other nonpowered vessels less than 12 feet in length will not have to

be registered. Perhaps this

may change too, however. Now, to change subjects er Safety. The safety zone law (MCL 312.10b) states that a person shall not discharge a firearm within 150 yards of an occupied dwelling, or associated out building, without the permission of the landowner or leases.

The safety zone law was passed to protect lives and property, and to continue to allow the previous interpretation would nullify such measures.

Verse or Worse By Joseph D. Murphy Report From The North Pole

Santa Claus is very busy these days Getting ready for his Christmas flight There is so many things he has to do To make sure everything is just right.

The reindeer are in training To get rid of their summer fat Their flying is still a little clumsy Today Donner knocked off my hat.

But they'll be ready by Christmas Eve To take Santa and his load of toys Everywhere there is goodwill on earth And a good little girl or boy.

Rudolph is doing a lot of practice To get his nose shining real bright I just know that he is hoping That it will be a real foggy night.

Mrs. Claus is very busy Making Santa a brand new suit His old one was getting worn out And badly stained with ashes and soot.

Making lots of dolls and toys So Santa will have plenty For the little girls and boys. Everyone is very busy

The Elves are working overtime

Getting ready for Christmas Eve But everything will be shipshape By the time Santa has to leave. So be extra good and helpful

As Christmas Eve draws neigh Maybe if you lay there still and quiet You'll hear sleigh bells in the sky.

I'm going to hang up my Christmas stocking Make sure there's room under the Christmas tree I'll try real hard to be extra good Maybe Santa will bring something for me.

Poet's Corner

Santa Claus

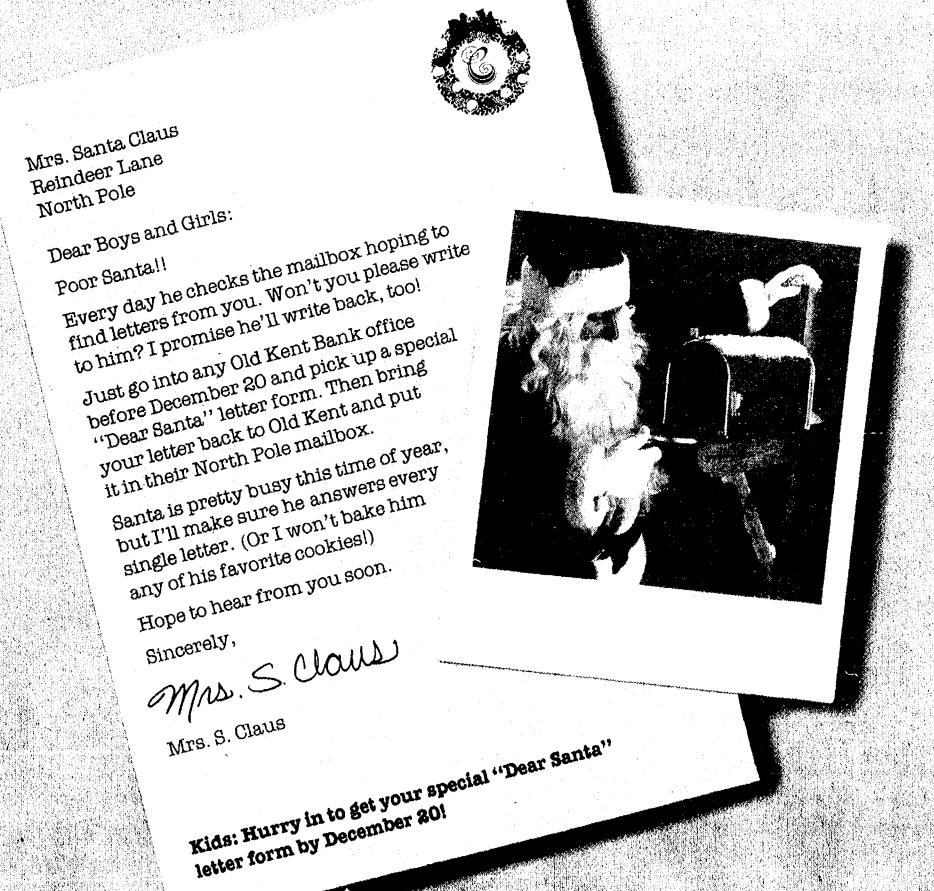

Who am 1?, I'm Santa Claus I wish you all the best, It matters not my name, "Can you pass the acid test?"

To the one that draws short straws, For not knowing the future, He may be your Santa Claus;

So now is the time to give my friend, It's written in the laws, Your time is now for you to give, You can be that Santa Claus.

Physical fitness without sweat? Without pain? Without a puffy red face? Sound incredible? Not so at the Sleek Images Figure Salon in the Grayling Mini Mall. This exercise facility offers its clients the opportunity to improve their physical stamina, improve flexibility, and take off inches, all without the struggle usually associated with the phrase "physical fitness".

Sleek Images' exercise is passive exercise. In short, this means that the machine does the work, and the client needs only to show up to reap the benefits. The salon has six exercise machines that focus on different sections of the body. These machines include:

The Upper Body Shaper helps to lift the rib cage to improve posture reduces the upper arms.

The Waist, Tummy and Hip Shaper raises and lowers the legs, simulating the walking motion, but without the legs having to support the body's weight. This machine's speed can be adjusted, slow for the beginner, and faster to simulate a brisk pace. Eight minutes on this machine is equal to about two miles.

The Waist Shaper is also speed controlled, and can be adjusted to comfort. The results of this exercise table are usually the first to be noticed by Sleek Images' patrons.

The Thigh and Calf Shaper moves the legs in a circular motion which works the hip, upper leg, and calf areas.

The Circulator is a vibrating table that improves the body's circulation system. It is a relaxing experience, and helps to rid the body of water.

The salon also has an exercise bike for their clients who'hold fast to the exercise

Kami, 15, and Joel, 9. Terry is employed in the shipping **漢が見が見が見が見が見が見が見が見が見が見が見が見が見が見が見** department at Weyerhaeuser, and during his offhours helps Linda operate

Saturday from 9:00 a.m. to 1:00 p.m.; however, these hours are flexible and can be extended by appointment to accommodate their clients' needs. Summer hours will be extended as the need presents itself.

To encourage their clients to workout regularly and eat properly Sleek Images holds monthly contests with free sessions for the person who loses the most inches and for the person who loses the most weight.

In the future Terry and Linda will be adding an inventory of exercise clothing.

"We think Sleek Images and passive exercise provides an opportunity for fitness regardless of age or weight," said Terry. "It is a kind of exercise that almost everyone can participate in and derive some type of benefit."

Do you still have doubts? Take a few minutes during your holiday shopping and stop by the Sleek Images Figure Salon. Ask Linda or Terry about their client who has lost 46 inches since she began working-out last June. They would be happy to talk to you about your fitness needs, and the first appoint-9:00 a.m. to 6:00 p.m. and on ment is always free.

"CORNELL CORNER"

"Tis the season to be jolly — and to watch out for thieves and pickpockets among the holiday crowds. Keep these tips in mind:

- Don't leave packages on the seat of your car; lock them in the trunk. If you park in a garage, leave the ignition key only with the attendant. · Check the figures on credit card slips before you sign them. Destroy car-
- bons. Be sure you get your card back.
- Don't flash cash.
- Women, close your handbag securely and hold it close to your body; in crowds, it's smart to hold the opening against your body.
- Men, place your wallet in a pocket where it's more difficult to remove. A rubber band, wrapped around the wallet, makes it harder for it to be slipped out of your pocket surreptitiously.
- Shopping for expensive items? Take a friend along. It's some protection against street crime.

Smart shoppers safeguard their valuables, and they insure them, too, with
